

PRO SERIES

Portable Wall Mounted Reverse Osmosis Systems

- Portable for using in different locations
- Connects easily to garden tap
- Complete with wall mounting bracket
- 0.0005 micron ultrafine reverse osmosis membrane filtration

Puretec **PRO Series** Reverse Osmosis systems are very versatile with the garden tap connection supplied. The systems can be simply transferred for all its different applications.

They are highly effective in removal of 98% of suspended particles, sediment, salt, bacteria, chemicals, cysts, pesticides, heavy metals, chlorine, taste and odour with optional post filter kit.

Applications

Ideal for supplying high purity water for:

- Aquariums
- Hydroponics – can give plants double the nutrients with RO water!
- Spotfree rinse for vehicles
- Laboratories
- Drinking water (optional post filter kit recommended)

Systems include: cyst reduction, tap connection, membrane, cartridge (PX051, CB951), spanner wrench

PRO SERIES

Portable Wall Mounted Reverse Osmosis Systems

Filter/Membrane Performance Specification

Model	Description	Capacity	Membrane
PRO90	Portable Reverse Osmosis System	90 litres per day	RET 1812-24
PRO130	Portable Reverse Osmosis System	130 litres per day	RET 1812-36
PRO270	Portable Reverse Osmosis System	270 litres per day	RET 1812-60

WARNING: Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system. Systems certified for cyst reduction may be used on disinfected water that may contain filterable cyst.

NOTE: All measurements, illustrations and specifications are a guide only and are subject to change without notice.
